The Miracle of Christmas

The merry rejoicing at Christmas, celebrating the Birth of Christ, seeks to recapture the glory and wonder of the Nativity. People everywhere come together in warmth and goodwill, recalling the Source of the Spirit that binds them together.

Although Christmas is celebrated all over the world, it is not really known whether or not Jesus, as a boy, ever had a birthday party. Jews of His time did not celebrate birthdays . . . such observances were for kings and other important people, who lived in palaces. With or without birthday parties, Jesus had an enchanted childhood, so say the legends.

One such story says He made mud-pie birds one rainy day, and as He finished them, they flew away. For having bowed down to give its fruit to His Holy Mother, Jesus rewarded a palm tree by having a cutting or it planted in Paradise.

The Magic of Christmas is happily contagious, transforming the world in an atmosphere of brotherhood and anticipation. Its magic brings families together, inspires a spirit of generosity and giving, and fills the heart with a heady lightheartedness long remembered from one's childhood.

For it is in childhood that the magic of the Yuletide is felt most keenly. The air quivers with excitement and the promise of things to come. Pungent smells fill the house and little ones can hardly sleep, for listening to the furtive sounds of mom and dad tiptoeing and whispering and wrapping, far into the night.

An old French proverb says "Miracles happen only to those who believe in them." Surely, we can all believe! Surely we can reinforce our faith in miracles!

WELCOME THE NEW YEAR WITH EGGS

Eggs can help you through the holiday without going broke. From unexpected company to planned formal parties, eggs play a major role in providing excellent and nutritious menu ideas at low cost. Look for sale prices on eggs in local newspaper ads, then stock up for holiday use. Fresh eggs in the shell can be kept under refrigeration in their carton with the large end up for approximately five weeks with insignificant grade-quality loss. Hard-cooked eggs in the shell can be refrigerated at least that long.

With eggs you are prepared for holiday entertaining with just a minute's notice. Fresh eggs make a delicious quiche. Prepare a regular pie crust or line muffin tins with pie crust for mini-quiches. Store these in the freezer until needed. For a delicious quiche you'll need other ingredients such as milk, salt, cheese and pepper in addition to the eggs. For special variety, bacon, ham or seafood is added to the egg mixture.

An elegant, but easy idea for holiday entertaining is crepes. These can be made ahead then frozen for later use. Stuff the crepes with meat, fish or vegetable mixtures for brunches, dinners or late night buffets. They also make exciting desserts with fruit, or ice cream inside, then flamed for a special effect.

Eggs are a must for making delicious pound cake and cookies for easy entertaining. For a just-as-easy beverage, consider eggnog. Simply mix eggs, milk and special flavorings.

Don't forget about those delicious hard-cooked eggs which are tucked away in the refrigerator. These are great chopped and mixed with sour cream, onion and parsley to make a tasty dip for chips or raw vegetables. Deviled eggs are always a hit at family get-togethers or buffet dinners. Creamed eggs are good, too, for late night meals. Hard cooked egg slices are great to dress up salads and sandwiches.

So, welcome the New Year with economical and nutritious eggs.

Vepco Pays Public Utility Taxes

Virginia Electric and Power Company paid its fourth quarterly installment of its estimated 1978 Virginia gross receipts taxes totaling $8,599,735.

The gross receipts tax is a tax unique to public utilities. Virginia law provides that it is to be levied on public utilities rather than the State Income tax.

"As a result, Vepco and its customers must bear a much larger tax burden than they would under the State Income tax," said John E. Tunstall, Manager-Taxes.

In the last session of the General Assembly, the Legislature recognized the present inequity and responded by decreasing the tax rates to be applied to gross receipts of public utilities from 3.5 per cent to 2 per cent over a five-year period beginning in tax year 1979, Mr. Tunstall said. All taxes paid by Vepco are ultimately reflected in the cost of electricity to the customer, he said.

MRS. BRIGHTWELL' 4-H CLUB

Mrs. Brightwell's 4-H Club met Friday, December 9, 1977. We enjoyed the program for the month, "Opportunities in 4-H." A slide set about 4-H activities was used for the program.

Mrs. Walton made announcements about public speaking to be held February 1, 1977.

Gift Idea:

Books can be welcome holiday gifts for both lazy and avid readers. Those who frequently read out of habit or hobby will certainly enjoy a good novel or biography.

Other, more non-enthusiastic readers will appreciate a book which is hobby or photographically oriented.
